I am the above named Kenyan male adult attached to Rongo Weighbridge as the Duty Manager performing mobile patrols to ensure axle load compliance.

I remember vividly on the 13th day of June 2022 at around 12:20 hrs while on our normal operations in company of CPL Checha Muriuki, PC Nicodemus Karuri and Driver Zeph Adar at Kobodo along Rodi Kopany - Ndhiwa Road where we laid two HAEM Mobile scales while weighing trucks from Ndhiwa enroute Rodi Kopany. Just when we were done with one truck, a motor vehicle Reg. No. KCE 326E make Ashok Leyland from the opposite direction (Rodi Kopany - Ndhiwa), swerved from its left side of the road to the side we were weighing the trucks and in the process stepped on one of the mobile scales serial NO. 40060 and damaging it. It broke its seal and left the zeroing knob not working.

The Police officers managed to stop the truck and the driver identified as David Schweg Skal. The driver of the truck was then escorted to Rodi Police Station where he was charged and detained.

That is all I can state.
