

OFFICE OF THE RESIDENT ENGINEER

Ref. KeNHA/06.B/WMC5/Vol.1 (096)

Date: 8th June, 2022.

Operations Manager,
M/s. Masterspace Solutions Limited JV Gokhan Technical Services Limited,
P.O. Box 7193-00300, 57933-00200,
NAIROBI.

Dear Sir,

**MANAGEMENT, OPERATION AND MAINTENANCE OF BUSIA AND RONGO
WEIGHBRIDGE STATIONS AND THE 1577 KM ADJACENT ROAD NETWORK.**

CONTRACT NO. KeNHA/WB/RA&CM/3559/2021

**RE: INSUFFICIENT PROVISION OF FUEL FOR THE RESIDENT ENGINEER'S
SUPERVISORY VEHICLES REG. NOs KDG 432X AND KFG 430X FORD
RANGERS D/CABIN PICKUPS.**

It has come to the notice of the Resident Engineer that the Resident Engineer's supervisory vehicles above are being provided with insufficient fuel to run the RE's Operations Network Monitoring and Co-ordination for effective management and superintendence as was envisaged under sub- clause 5.12.3 of the contract.

... "All vehicles shall be provided with fuel cards to facilitate superintendence for the duration of the contract".

Your attention is further drawn to the provision of Clause 138 of the Standard Specifications forming part of this contract. The Contractor is required under this Clause to provide including fuel, driver and maintenance for the Engineer's exclusive use.

In this regard, you are hereby notified to urgently ensure that the Resident Engineer's vehicles are duly fueled and maintained for the proper execution of his duties without the element of frustrating the Contract.

Yours faithfully,

Eng. Michael A. Ngala
RESIDENT ENGINEER
